The perfect love song, it has no words  
It only has death threats  
And you can tell a classic ballad  
By how threatening it gets

So if you walk into your house  
And she's cutting up your mother  
She's only trying to tell you that  
She loves you like no other  
No other, she loves you like no other

The only emotions  
That I know are love and hate  
And she's chopping and she's changing  
And it's making you afraid

I said, close your eyes  
And imagine that I'm nice  
She'll kiss you or she'll kill you  
But you'll just have to wait

Because some things that I do  
Make you go blue  
And something that you said  
Made me go red

The perfect love has no emotions  
It only harbors doubt  
And if she fears your intentions  
She will cut you out

So do not raise your voice  
And do not shake your fist  
Just pass her the carving knife  
If that's what she insists  
Insists, if that's what she insists

I hate tattoo on my brain  
And a love one on my heart  
I'd love to hate you, like I love you  
And just tear your dreams apart

I said, close your eyes  
And imagine that I'm nice  
Cupid's arrow looking more like  
A Cupid's poisoned dart

Because some things that I do  
Make you go blue  
And something that you said  
Made me go red

Some things that I do  
Make you go blue  
And something that you said  
Made me go red

The perfect kiss is dry as sand  
And doesn't take your breath  
The perfect kiss is with the boy  
That you've just stabbed to death

Is with the boy  
That you've just stabbed to death  
Is with the boy  
That you've just stabbed to death
