Sight is my crime  
Pain is your life  
Look in my eyes  
See how I cry  
Life of dreams - life of lies  
Life of hatred - life diseased  
Love is cold - cold as ice  
Shatters dreams - shatters lives  
Put your life into their hands  
And they will make you understand  
Put your life into their hands  
And you will suffer at their command  
Haunted eyes  
Burn deep inside  
Haunted eyes  
Never live

Dare I weep - dare I mourn  
Dare I have remorse at all  
I look at this life in which I breathe  
What have I given - misery  
Visions in the dark  
Visions in my dreams  
The tears are flowing red  
My eyes tell a tale  
Of hatred and disease  
Where children are slaughtered  
And the innocent plead  
The child - now dead  
Buried - now rest  
My eyes tell a tale  
Of misery - I won't rest
