Green shadows beneath the mask  
Reasons crumble but never last  
Striking fear into the depths of hell  
Reasons only a madman tells

Angel summoned within the cast  
Prevailing justice unto the last  
Striking fear into the depths of hell  
Reasons only a madman tells

Beware the feast of the fools  
Madmen have taken hell  
Beware the feast of the fools  
King of the clowns, do you dare?

Soul swallowed inside to black  
Demons tortured, never turning back  
Striking fear into the depths of hell  
Reasons only a madman tells
