She cries out to the dead
Singing praise as they fell
Resurrection from the grave
An angel's kiss is what I crave
An angel's kiss is what I seek
To feel her skin next to mine
Resurrect me from my grave
Take me back to see my crimes
Take me back to what I was
To undo all my crimes
Follow me through my life
Making good all my ways
Take me back to what I am
Witness to all my crimes
Follow her till the end
Crying as I die again
An angel's kiss is what I seek
To feel her mouth next to mine
Kiss me now before I die
Take my hand and lead the way

Let me live my life again
Living for eternity
Amending my fallen ways
Letting sorrow turn to joy
Been searching for an angel
But been looking for some sin
Her face is pure as clearest water
Her eyes as deep as the ocean sea
Want to take her
And to love her
Embrace her
For eternity
An angel's kiss proves so cold
To hear her laugh in my soul
A witness to my misery
An angel's path is all I seek
Do we want to live forever
Do we want to suffer more
Do you want to live forever
Do you want to suffer more
