Think about me
As I slip away
I am your brother
Don't let go of me
Moves so slowly
Across the open sea
Move a mountain
Medusa got a hold of me
Waves above me
Like a child's mind
I am now resting
Don't forget me
Heavy hearts - freele's in mine

Medusa calls - she's pushing me
Tragic dignity - awakens in me
Medusa calls - there's no humanity
Don't forget me
As you turn away
I am now resting
Don't think ill of me
Dream about me
Of how I died
I am your brother
Don't you try to lie
