This The Last Dawn  
The Epitaph Of The Sun  
Shining Now Is The Moon  
To Grace My Solitude

A Prophecy Fortold... Dusk Forever More  
A Prophecy Fortold... The Shades Of Night Fall

The Night Has Summoned Me  
The Dawn Brought To It's Knees  
The Light Forever Damned  
Night Caressed In Silence

Visions Of Enslavement & Damnation  
We Slaughter The Light Child,  
A Prophecy Fortold

This Eternal Glory Of The Nightfall  
Thy Screams Are Summoned,  
A Prophecy Fortold
