I; A Thousand Fires But Made From Flesh Of One  
A Searing Self-Sacrificing Pyre  
To Rise From The Ashes Of The Sun

I: A Thousand Fires Coruscating Before You I Stand  
Embrace Me With Your Deepest Devotion  
Adhering The Fire Inside My Hand

Concern Not For The Pain Shall Not Embrace You  
Let Our Sheath Ignite The Skies  
Encircled In Our Own Infernal Chasm  
Cleansed In Our Ashes; Of New Flesh We Rise

Behold New Life As We Walk With Fire  
And Dance Inside The Flames  
Behold This Night Conscripted Through The Ember's  
Eyes  
Awake And Abolish Thy Shame

I am Of Fire, We Are Of Fire, Fire Eternal, Fire Is Death
