

Ceremonial Oath "Dreamsong"

Light, within us
Dark, without you Iâ€™m lost
Forever, the wounds you cause
will never ever heal

Your face is in my mind
etched their by my feelings
which I cannot deny

Enough, I had to much of your games
our days are drawing close
Emotions, I have one
hate I have to feel
It all sounds so strange
Never ever will I see you again

Take me to another place
A journey far beyond
Can't you see that you and me
our bonds will never break

Come take my hand
never let go
I have to much to say
Walk with me
over the edge
Still never looking back
