That alarm sounds without warning
I wake up and say, "Good morning"
And I love you

I know sometimes you're still sleeping
And I still whisper, "Babe I'm leavin'"
And I love you

You need to know this ain't some kind of sometimes
thing
This is something I will always do
Yeah the sun it shines, the river winds and the
bluebirds sing
And I love you

While I work I curse the boss
And I anticipate gettin' off
And I love you

Oh and there's a little place
Where everybody goes at 5 o'clock but I drive straight
home
'Cause I love you, honey

Oh, you need to know this ain't some kind of
sometimes thing
It's something I will always do
Yeah the sun shines, the river winds and the bluebirds
sing
And I love you

Oh, you need to know this ain't some kind of
sometimes thing
It's something I will always do
Yeah the sun shines, the river winds and the bluebirds
sing
And I love you, oh, I love you

Me holdin' you and you holdin' me
And every night I fall asleep
And I love you

Yeah, I love you
Yeah, I love you
Yeah, I love you
