When I look back on this life
And all the things that I have done
Lord, I've paid some pretty prices
For never backing up
But now that I've had time alone
And I've been through every page
There's only one part of my story
That I wish that I could change

If I had it to do over
And I knew then what I know now
I'd do anything I had to
To keep you from walking out
Your love would be the only reason
For anything that I'd undo
Yes, if I had it to do over
I'd do it over you

There are bridges I have burned
There are promises I've made
And the ones that I have broken
I'll have to carry to my grave
And when I stand before the judge
And answer for my every deed
The only one that I'll regret
Is what I've done to you and me

Yes if I had it to do over
And I knew then what I know now
I'd do anything I had to
To keep you from walking out
Your love would be the only reason
For anything that I'd undo
Yes, if I had it to do over
I'd do it over you
If I had it to do over
I'd do it over you
