Baby, you make me feel like a million dollar bill
And your cute little smile's driving me hog wild
Yeah, I'm one lucky dong that just can't lose
But that's enough about me
Let's talk about you
Chorus:
Let's talk about the way that I love your walk
Talk about the way that I love your talk
Did I happen to mention that I love everything that you
do
That's enough about me
Let's talk about you
Your sweet loving ways just make my day
And that twinkle in your eye's keeping me up at night
Oh, I love this life I'm living
Thanks to you know who
But that's enough about me
Let's talk about you
Chorus:
Let's talk about the way that I love your walk

Talk about the way that I love your talk
Did I happen to mention that I love everything that you
do
That's enough about me
Let's talk about you
I just can't say enough about your sweet love
I could sing your praise 'til I'm blue in the face
I could ramble on and on like a babbling fool
But that's enough about me
Let's talk about you
Chorus:
Let's talk about the way that I love your walk
Talk about the way that I love your talk
Did I happen to mention that I love everything that you
do
That's enough about me
Let's talk about you
Let's talk about you
Let's talk about you
Let's talk about you
