Oh the stars are out, and the moon is high  
Over your shoulder  
Shinin' like a neon halo in your hair  
Dancin' in slow motion  
To music only you and I can hear  
And I've fallen again, like I always do  
That's what happens when I hold you  
That's what happens when I hold you

I lose my breath and I can't speak  
I never tasted love this sweet  
And every time it feels brand new  
That's what happens when I hold you  
That's what happens when I hold you

Now I'm wide awake, and I'm dreamin' still  
Lost in the moment, all I can do is simply ride the tide  
Oh, sweet surrender,  
I couldn't stop this goin' under if I tried  
And I've fallen again, like I always do  
That's what happens when I hold you  
That's what happens when I hold you

I lose my breath and I can't speak  
I never tasted love this sweet  
And every time it feels brand new  
That's what happens when I hold you  
That's what happens when I hold  
That's what happens when I hold you
