I know how quickly  
Love can slip away  
Yes, I know how love can die  
That's why I say

I'm gonna try with all my heart  
To keep you happy  
So we'll never part because

[CHORUS]

I don't wanna lose you, baby  
I don't wanna lose you, baby  
I don't wanna lose you, baby  
No, no, no, no, no, no

I know how quickly  
Hearts can lose their way  
Along the road to love  
When led astray

And that is why I'm  
Gonna give you all my love  
Every day that I live because

[Repeat CHORUS]

Now that you've taught me  
The thrill of your kiss  
Now that you've taught me  
To love you like this

[Repeat CHORUS 4x to fade]
