What do you want with me
Oh, baby, can't you see
My love and I were happy
Before you came along
And it'll stay that way
Cause I won't let her down

I love her, can't you see
What do you want with me

What do you want with me
Oh, baby, I can see
You only want to break us up
And use me for a time
Then you'll leave me crying
I've heard it all before

Your other boys have told me
What do you want with me

The love I've got
Is something else again
She's loving, she's true
Let me tell you
She's not a bit like you

And I'm asking you a question
What do you want with me
Why don't you let me be

I know it would be easy
To fool around with you
But you should know by now
I've promised to be true

I love her, can't you see
What do you want with me

The love I've got
Is something else again
She's loving, she's true
Let me tell you

She's not a bit like you

And I'm asking you a question
What do you want with me
Why don't you let me be

I know it would be easy
To fool around with you
But you should know by now
I've promised to be true

I love her, can't you see
What do you want with me

I love her, can't you see
What do you want with me
