I stand here in this hallway...
Which door do I choose?
There's something about this one...
Something's calling me. Enter!

Welcome to the celebration!
There's wine in the glasses.
There's flowers in the air.

Wait! Wait! Something doesn't feel right...

BETRAYAL!

All men to arms! All men to arms!
The king has been slain! Protect the queen!
War is upon us! War is upon us!

Things aren't what they appear to be.
His strength is his weakness... Her beauty is her curse...

Oh God! oh God! Let evil perish! We will conquer!
Lead me home... Away from this world... back to the
hallway...
