And i looked back upon my back  
Through my book of memories  
Thinking of all the things  
That i used to do  
How i missed it so

So secure in their arms, in their arms  
No harm, no distractions, always laughin'Â'  
Oh i do love to see  
One day, one time, a reunion of what was

[Refrain]  
I want a place to stay  
Somewhere far away

[Chorus]  
If i could be away from me  
Then i would be with you  
If i see the way from way from me

IÂ'll play safe for me and you  
If only, if only

Picture this, walking down this dark alleyway  
ThereÂ's a sunset up ahead, silhouette of buildings  
Enclosed in a maze

And as the hands of time, it ticks away  
In a subtle but righteous way  
I try to find more peace  
I try to stand at ease  
Cos weÂ're runnin'Â', runnin'Â', runnin'Â'  
In no direction

[repeat Refrain and Chorus]
