We're not the blame at how it started
But we're the ones to end it!
Where we live may be far away
But we all are still connected!

When you laugh somebody's crying;
While you live somebody's dying.
See a little girl is harmed,
So won't you hold her in your arms?

CHORUS

When we all see humanity,
That's when we'll all live in
harmony.
Can you imagine? Come on let's see...
All around the world-LET IT BE!
Everybody lending a hand.
Already know that together we can!
Just imagine love running free...
All around the world, LET IT BE!

If we take what we have and share it-
Those of us who can spare it,
Take a little and give it away,
So many lives hang in the balance.

So go beyond the way you're feeling;
You know the road to hope is giving!
Let tomorrow measure today,
So won't you lift your voice and
say,

CHORUS

When we all see humanity,
That's when we'll all live in
harmony.
Can you imagine? Come on let's see...
All around the world LET IT BE!
Everybody lending a hand...
Already know that together we can!
Just imagine love running free...
All around the world LET IT BE!

(Repeat 2x)
LET IT BE!
LET IT BE!
All around the world LET IT BE!
LET IT BE!
LET IT BE!
LET IT BE! (We all live in harmony)
LET IT BE!
All around the world LET IT BE!
LET IT BE!
LET IT BE!

CHORUS

When we all see humanity...
That's when we all live in
harmony.
Can you imagine? Come on let's see...
All around the world LET IT BE!
Everybody lending a hand...
Already know that together we can!
Just imagine love running free...
All around the world LET IT BE!
