Life was bitter to the core
There was nothing to live for until love came
And even second times around happiness could not be
found until love came

I was left all alone - My heart was breaking
Thought was my own - Soul was aching
Tears covered me - Weeping through the whole night
And I need some relief - Joy comes in the morning
I've been searching for - Many years now
The key to life's door - I need to know how
Brought to my knees - Savior can you help me
And was led to believe - A failure I was to be

Chorus:

Well his love showed me, love said not so
Even with the odds against me
Love showed me, love said not so

Without a reason or cause peace and joy makes no
pause
Until love came
Having no hope at all and not another one to call
Until love came

Chorus

I was left alone - My heart was breaking
Thought was my own - Soul was aching
Tears covered me - Weeping through the whole night

And I need some relief - Joy comes in the morning
I've been searching for - Many years now
The key to life's door - I need to know how
Brought to my knees - Savior can you help me
And was led to believe - A failure I was to be

Chorus

Keep on holding on
Love showed me, love said no
Love told me don't let go

Love showed me, love said not so

Love said not so

That's what he told me

He told me not so

Hey, I want to tell everybody

You are my love and my prize possession

Because of you I've got pride and joy

Can you help me brother

You are my love and my prize possession

(Love showed me)

Because of you I've got pride and joy

(Love said not so)

Oh can you say it again (Lord)

Tell the world it's love everlasting, hope

Everlasting, joy everlasting

I've got joy

You see I've got love everlasting, hope

Everlasting, joy everlasting

I've got joy
