CeCe

All I wanna' be is all that I am (that's okay)  
And all I wanna' get is all that I can (but that's unfair)  
If you have it all and you lose it all don't lose yourself  
(there just things)

BeBe

Fame is like a drug and money brings pride (it can kill)  
It can dress you up while your hurting inside (and it will)  
Finally on the list, maybe now your "it" and no one can  
tell  
All the pain that you hide with those...

CHORUS

Things (yeah)  
Yet their only just things (it's what they are)  
Cars and diamond rings (their just)  
Things (things)  
Such a fuss about things (what the fuss, can you show  
me what...)  
Love they bring...

CeCe

What love they bring

BeBe

Now that I arrive ayyy what do I do (I don't know)  
Living on a hill yeah changes my view (ain't it so)  
And everything I want, everything I see, that's not what  
I need, yeah (their just things)

CeCe

No, nothing money buy, can make it all real (that's a  
fact)  
When I look around, can't help what I feel (  
Got a lot of stuff and when I add it up, tell me what  
does it mean  
'Cause it don't bring me love of those...

CHORUS

Things (no, no)  
Yeah their only just things (that's what they are)

Cars and diamond rings (but ya' can't bring love)  
Things (oh no)  
Such a fuss about things (can you show me what...)  
Love they bring...

BeBe- Now you can turn it on, with the clothes you wear  
CeCe- But when you take it off, is the loneliness (there  
is it still there?)

Unison- Your money, my money may take you where  
you wanna go

BeBe- But in the darkness of the night

CeCe- He's the only one who knows (just! )

#### CHORUS

Things (oh things)

Yeah their only just things (it's what they are) (oh yeah,  
yeah)

Cars and diamond rings (what shall we say to these  
things)

Things

Such a fuss about things (if God is for me...) (Can you  
show me what...)

Love they bring... (He's better than anything else in the  
whole wide world)

Let's talk about things your goin' through (hay! ) (talk  
about it)

Talk about things you wanna do (if I seek him first, it's  
gonna get better not worse)

Talk about things that make you smile (He'll add these  
things)

Talk about things that's worth the while
