(CHORUS):

Life is a dance, life is a dance

Life is a dance, life is a dance

Everywhere coast to coast

Around the land

We all have one thing in common

We all love to dance

In and out of discos, crazy lights

Keep on movin' all through the night

(CHORUS)

Why don't you listen

Listen to the groove

I am sure enough sure you'll find

Just the rhythm, the rhythm of your soul

Dance to the music keepin' steady time

(CHORUS)

Dance to the music, crazy lights

Dance to the music on crazy lights

Dance to the music, crazy lights

Dance
