(CHORUS):

(We've got to) Sleep on it

Everything's gonna be alright

If we just sleep on it

Everything's gonna be alright

Tonight there will be no more quarrelling

We'll shut out the lights, close our eyes

I don't know how this started

I don't know why we fight

I'll appologize for all the unkind things

I said to you

Why can't I see what's right for me

Might not be right for you

(CHORUS)

(BRIDGE):

People are gonna think

What they what to think

Feel what they want to feel

I don't wanna see you cry

I don't wanna see you compromise

The things that shine

The brightest in your eyes

Hold on to your dreams

Hold on to them tight
