I wanna get deeper
Deeper than skin
I wanna be more than
just another friend

I'm ready to love you
with all of my heart
But I won't give it if you
can't do your part

CHORUS:
A little bit just ain't it
Give me all
A little love is not enough
Give me all

BRIDGE:
Need your lovin'
Need your kissin'
Don't want nothin'
To be missin'

You're givin' me portions
You wanna move fast
What you're giving
Is never gonna last

I wanna be closer
I need to have more
'Cause I'm gonna love you
like no one before

CHORUS

BRIDGE

I'm on fire babe
You wanna build me up
Just to let me down
