Half moon, night time sky
Silver stone, heaven's eye
Silver stones from the seven seas
Won't you be sure you bring, sweet love home to me

You thrill me like a mountain
Thrill me like a sea, Lord
Night time's past, still at last your love
[Incomprehensible]

Half moon, night time stone
You be sure that you call my name
Telling everybody going around
Won't you tell the world about sweet, sweet love I found
you

Thrill me like a mountain
Thrill me like sea, Lord
Night time's past, still at last love, oh, love

Half moon, night time sky
Silver stone, heaven's eye
Silver stone from the seven seas
Won't you be sure you bring, sweet love home to me
now
