Why is it I'm always chasin' after you
Why can't it just be you that chases me
Look through my eyes
Can you see me
Searchin' with nothin' in sight
Touch with my hands can't you feel me
Reachin' for you in the night

I been trying hard to keep you satisfied
Can't say I haven't tried ? bet your life
Change all my bitter to sweet love
Change all my darkness to light
Surrender the love you're concealing
My love will make it alright

Look through my eyes
Can't you see me
Touch with my hands
Can't you feel me
Change all my bitter to sweet love

Make it right

Baby I'm in love and I just can't stay
Besides my love won't compromise or be denied

Repeat

Look through my eyes
Can you see me
Searchin' with nothin' in sight
Touch with my hands can't you feel me
Reachin' for you in the night
Change all my bitter to sweet love
Change all my darkness to light
Surrender the love you're concealing
My love will make it alright
