ya! this one here goes out there to my girl that loves
me
i just wanna say that i love you cindy

the last time i saw you was a long time ago
i wanna see you again baby
you dont know how i missed you baby
i didnt wanted to tell you
but i cant take it no more
when you were riding with me we were so happy
i know you got a new one so i wanna ask you
chorus
baby ride with me oh cindy ride with me
oh baby baby ride with me please
