Do ya? Do ya have a secret friend?
Playin' around, hangin' out again

Your love has been like a stranger
Your love is hiding behind a closed door
You're an ace at using deception
'Cause you don't want to let me go

Do ya? Do ya have a secret friend?
Playin' around, hangin' out again

Be ashamed to lose good lovin'
Chasin' dreams in the night the way we do
There's no way, you got to be honest
I'll do anything to make it right for you

Do ya? Do ya have a secret friend?
Playin' around, hangin' out again

Can't you see it's just an attraction
He can feed you lies so easily
I can't wait forever
Girl, let me go or come to me
Tell me

Do ya? Do ya have a secret friend?
Playin' around, hangin' out again
