Carl Thomas)

There are times

We might not see eye to eye

And there are times when we'll have differences

(Chaka Khan)

We can't be around too long before we fight

But it's okay

Cuz I love you anyway

(Gerald LeVert)

There are times

When You you don't know

How your gon make it through (gon make it through)

I know I've been there too

(Yolanda Adams)

You can always rest ashore

Don't be ashamed to share with me

See I am your family

Yeeeah

Chorus

Everyday(everday) should be(should be) a family
reunion

We should speak

From the heart

And let love be the solution

Let us forgive (forgive)

Put the past out of the way(put the past out of the way)

No time to wait (no time to wait)

The time has come to give love everyday

(Carl Thomas)

There are times those times when you need to be

heard and there are days some days when the pain is
beyond words

(Yolanda Adams)

You hold it in

You run You hide

Cling on to pride when deep down you wanna cry

(Gerald LeVert)

There are times

Bad times

When a secret needs revealing

And there are those

Those who know exactly what you're feeling

(Chaka Khan)

Come on home

There's always room

Someone to share everything that your going through

oh oh

Chorus 2x

Everyday (everday) should be (should be) a family
reunion

We should speak (in the morning in the evening)

From the heart

And let love be the solution

Let us forgive (forgive)

Put the past out of the way (put the past out of the way)

No time to wait (no time to wait)

The time has come to give love everyday
