You, beyond my dreams  
And everything above  
Among the stars and love  
You shine brighter than it all  
My all in one

And for you,  
I count the hours, seconds and heartbeats  
Because I know I want to spend the rest of my life  
Only with you

Love, kisses, synchronicity, timeless and gaps  
You are the one  
You are my only one

And for you,  
I will write endless melodies of love  
Because I need someone to harmoize with me  
My all in one

Time, age, synchronicity  
Missed places, word will never ever  
Take your place  
In my mind, in my life  
My only one

Love, kisses, synchronicity, timeless and gaps  
You are the one  
You are my only one

You, beyond the dreams  
And everything above  
Among the stars  
I love I love only you  
My all in one  
My all in one  
You are my only one  
You are my only one
