"Love Shines Through"

You are beautiful within,
You are beautiful without,
There's no reason for your mind
To be consumed with senseless doubt
There are times we will remember,
There are nights we won't forget.
If we'll value every moment,
We will never feel regret.

In everything you do,
Your love shines through.
In everything you do,
Your love shines through.
Love...
Love...
Love...
Shines through.
Love...
Love...
Love...
Shines through.

Love...
Love...
Love...
Shines through.

Love...
Love...
Love...
Shines through.

You have wisdom of exception
You are gentle like a child.
You will always be protected.
You will never lose your smile.
There are friends who will remain,
Within our thoughts throughout our lives
There are ties that can't be broken,
There are songs that cannot die.

In everything you do,

Your love shines through.
In everything you do,
Your love shines through.

In everything you do,
Your love shines through.
In everything you do,
Your love shines through.

Love...

Shines through.

Love...
Love...
Love...
Shines through.

Love...
Love...
Love...
Shines through.

Love...
Love...
Love...
Shines through.
