A place in the sun where everybodys having fun

Sun is shining

The place i wanna be
Drinking coke and feeling cool
A look out on the sea

Hey now, hey now
There's only me and you
Hey now, hey now
Here's what we gonna do
Hey now, hey now
So listen what we say
Hey now, hey now
The party's on the way

On the waikiki beach
Singing ola ola
You can come as you wa
Singing ola, ola
Its the place in the sun
Where you feel like a star
On the waikiki beach singing ola, ola
