The day is almost over, the sunlight is going  
And the people walk in shadows, completely unknowing  
That there's something lethal in the air that they can't  
see  
Now a Time Lord could save me just by turning on a  
light  
But I don't think that the Doctor's gonna show up  
tonight  
And so I'm trying to remember what the Library said to  
me  
Gotta focus on all the silhouettes that you can see  
'Cause if the number keeps on changing then you're no  
use to me

So count the shadows  
Count the shadows  
'Cause they're edging towards you like a hungry moth  
to a flame  
So count the shadows  
Count the shadows  
'Cause if you've got more than one, then you're the  
victim that they will claim

In the Library the darkness is waiting to attack  
And some explorers went inside but they ain't never  
coming back  
Namely Miss Evangelista, Anita and two guys called  
Dave  
And the Shadows made four thousand other people  
disappear  
And they've been hungry and waiting for a whole damn  
year  
For some fresh meat that isn't gonna register as  
"Saved"  
Gotta focus on all the silhouettes that you can see  
'Cause if the number keeps on changing then you're no  
use to me

So count the shadows  
Count the shadows  
'Cause they're edging towards you like a hungry moth  
to a flame

So count the shadows  
Count the shadows  
'Cause if you've got more than one, then you're the  
victim that they will claim

An invisible carnivorous aggressive Armada  
And they go by the name of the Vashta Nerada  
A thousand thousand million piranhas in the air  
And the tingle on your skin that you feel in the dark  
May be the hungry ones who contemplate leaving a  
mark  
So when you're reaching for the light switch, make sure  
you're prepared  
Gotta focus on all the silhouettes that you can see  
'Cause if the number keeps on changing then you're no  
use to me

So count the shadows  
Count the shadows  
'Cause they're edging towards you like a hungry moth  
to a flame  
So count the shadows  
Count the shadows  
'Cause if you've got more than one, then you're the  
victim that they will claim

So count the shadows  
Count the shadows  
'Cause they're edging towards you like a hungry moth  
to a flame  
So count the shadows  
Count the shadows  
'Cause if you've got more than one, then you're the  
victim that they will claim
