Vigilante of time and space,
Evil knows you can defeat me,
You can fight, and you may shoot me.
But you can't exterminate me...

Regenerate me.
Regenerate me.

Lonely savior of the universe,
Last in line of all my kin.
King of sacrifice and bearer of justice,

I am your last chance to repent.

Protect the solar system, I walk the earth.
Sole protector of the Human race.
You will know me by the big blue box,
But you will never know my face.

Regenerate me.
Regenerate me.
Regenerate me.
Regenerate me.
