Can you hear them? They're coming
They're in the signal, they're in my head.

Is it only me?
Am I the only one to be called?
This pounding in my ears is calling me to rule the
world.

Rule the universe as a Master of your feet...
Can you hear the drums?
Don't try to fight them; it's too late.

Each time a child,
Approaches the eye,
Forced to behold the vortex,
To be inspired or run,
But as I gazed into the vastness of time,
I heard the sound of drums.

Can you hear them? They're coming
They're in the signal, they're in my head.
Can you hear them? They're coming
They're in the signal, they're in my head.

In professor's guise,
Oh Doctor, Doctor, you have healed me.
You are not alone,
It took you far too long to see me.
Now I lay in your arms,
Mortally wounded in your care.
I'll leave you here forever,
Last of the Timelords once again.

Don't leave me now,
Think of all we've done together,
Think of all the vanquished foes,
Think of all we could be.

It would be hell for me, imprisoned here forever, with
you.

Don't, please, you've got to, please, we're the only

ones left, please,
Just regenerate!

Can you hear them?
They're coming
They're in the signal, they're in my head.
