[Hook]

You ain't gotta go home (you aint gotta go), but you
gotta get the hell up out of here
If you got someone (somebody), then go get you a
room at the Holiday Inn
If you ain't got no one (nobody), then go have some fun
by yourself
But whatever you do, don't let the door knob hit you on
the way out

[Chamillionaire]

Niggaz was throwing rocks at the throne, and I got
word of that
The sequel to the Messiah, for what I already murdered
that
Niggaz hating on me, but look at 'em the nerve of that
Nigga this ain't this type of beef, you can't take the
burger back
Burner back into my pocket, I'm trying to stop it
Unless your mouth keeps leaking, dick back in your
socket
How does it feel, to know you wasted your whole
lifetime
Living your whole lifetime, just to worry bout mine
Gimmik niggaz was dissing me, he was fake they was
missing me
Came to replace and make history, B I made 'em
history
You could feel like you real, because that feeling
eventually
Gon shrivel up, when reality turns it into misery
And you niggaz is killing me, with your wanna-be-me's
You a artist we bosses, the ones that fund c.d.'s
All your gonna-be wanna-be, gonna punish me please
You got me laughing, I'm asking if niggaz wanna be
Steve
Harvey, no you're hardly funny at all
Running the game not at all, homie you running your
jaw
We grown folks, kiddy schoolers need to go run up the

hall

Niggaz boring just ignore him, and the dummy'll fall
My brother is my descendent, we running a mile a
minute
Hut-hut it's time to win it, I see you behind the finish
If you get there quit there, got ya swisha lit playa
Blow smoke in the air, for the Color Changin' Click
g'yeah

(*cheering*)

(*talking*)

Ha-ha thanks a lot, appreciate it 'ppreciate it
Hey mayne, shout out to everybody out there all the
fans
That been staying down with a nigga, you know I'm
saying
Through his whole career, watching him grow
Watch us make it to that next level, we on our way baby
You know I'm saying what up George Lopez, Juan
Gonzalez
Sup mayne, y'all holding me down still mayne
Shout out to my niggaz out there on the West, what up
Balance
Ha-ha yeah ha, shout out to my niggaz over there on
the East Coast mayne
Selene what's up baby Garvey what's up dog ha-ha,
Chamillitary mayne

[Hook]

You ain't gotta go home (you aint gotta go), but you
gotta get the hell up out of here
If you got someone (somebody), then go get you a

[Chamillionaire]

Ladies and gentlemen, homie must be on heroine
Victory for me, but he thought he would have the
narrow win
My aim is to blame, when I load it inside the barrel and
Put the third eye on him, and do a lil' more than stare at
him
Poet I know it, I Mr. modern day Shakespeare
I'm a rider survival is what it is, it ain't fear
The absolute truth, is just some'ing some niggaz can't
hear

Mike don't live here no mo', he got convicted he ain't
here
How the heck you set fiction on the table, put truth
aside
What you speaking my nigga, you can't look me into
my eyes
The good Lord spoke the truth, and that just got him
crucified
Y'all scared of the sharp dagger, you trading your truth
for lies

Look me in my eyes, nevermind I ain't trying to spook
ya
Voice of the present the past, yep I'm the future
Soon as you speak the truth, all the haters will try to
mute ya
But if you the truth, all the traitors will call you Koopa
Martin Luther King Koopa, many of 'em will listen
But if you can't take the heat, then get your hot ass out
the kitchen
I heard words from Makevelli, riding was the ambition
So I bomb first on fake niggaz, like I'm in his position
Ay Chamillion you tripping, naw I'm handling bidness
Raise my hand to the man, and my right hand is my
witness
I got a fo' to the fizzle, that's sure to damage your
fitness
But it ain't really even that serious, to tear you with
stitches
P you acting suspicious, you know me better than that
If it was for a false reason, I would never react
But you know me better than rap, niggaz was telling me
facts
So you can miss me with publicity, if they telling me
that never that

(*cheering*)

(*talking*)

Thank you-thank you, I appreciate the support
But everyone please take your seats, I'm not done
there's more

[Chamillionaire]

In this world of falsifying, where niggaz be claiming
they real
Turn around and tell you a lie, bout what he paid on his
grill
Same nigga that talk big, bout what he made on his
deal
The same to ask me for advice, like they don't pay me

Chamill'

Rappers ain't really real, only a few of 'em ball
Pissy colored diamonds yep, I'm one of the few of 'em
y'all

Talking bout no piece and chain, and a few lil' cars
Four thousand or five thousand, for what you do as a
start

Now keeping money in the vault, is the hardest part of
the art

Knowledge got my crew smart, even when my crew was
apart

Chamillionaire you did 'em wrong, why don't you get a
heart

If I showed it to you, would you see what it could do in
the dark

Whether you like it or not, don't really matter to me
Cause most of the love I normally keep, inside my
family tree

So you can gossip, bout what really happened with
Hatta and me

Or you can gossip bout how so-and-so, way badder
than me

It don't really matter to me, becuae I'm done with it
now

Maturity level that I'm at, isn't even fun for a child
So set your mouse pad on the Internet, and punish my
style

Or set your Reeboks on the streets of Houston, running
me down

It's whatever I've been better, at proving a nigga wrong
Tell Goliath I don't need rocks, to prove a lil' nigga
strong

So tell Watts, forgive me I'm grooving I'm in my zone
Property of Mike who, he ain't here that lil' nigga gone

(*cheering*)

(*talking*)

Ha-ha ok we gon chill out, we gon chill out mayn
We gon try to just keep it moving, you know I'm saying
Focus on the music, give the fans some'ing to ride to
You know I'm saying, "The Sound of Revenge" will be
One of the best albums, to come out the South
And I put everything on that ha, let me give a couple
shout out's

Shout out to Shahiem Reid, up there at MTV2 I
appreciate the love

Flex, Ke'noe, Killa Mike, Big Girl, 'sup Nancy

We gon shake these haters off, know I'm saying ha-ha

Who am I forgetting, James Shepard 'sup my nigga

'Sup my nig' ha-ha, O. Gizzle 'sup my nig'

I know somebody gon say I forgot 'em but man
I'll get you on the next go my nig', ha-ha
