### "Answer Machine 3"

*[Intro - Chamillionaire]*

You just reached the answer machine  
When you call me, I'm never answerin  
Umm, I be always hustlin, so that's the reason that I'm  
gone  
So maybe you will understand, why I can't pick up the  
phone  
(Leave a message)

*[Verse 1 - Chamillionaire]*

Yes she's a pro (pro), sex and a slow (slow)  
American Idol, a professional show (woo)  
Givin you a vote and it's impressive to know  
When she open her mouth that she was destined to  
blow (whoa)  
How you tell me you ain't impressed with my dough?  
This ain't the type of money you done messed with  
before  
Stretchin the dough (dough), best with the flow (flow)  
Sick the way I spit, they say I'm blessed with a cold  
Touchin your body, leave your flesh with a glow  
Chasin the Pussycat and tryin to get with Nicole  
Really that's a myth, my confession is no (no)  
Really I'm on the grind and tryin to get with the dough  
(dough)  
Game's to be sold, can you dig what I'm sellin?  
If it's a crime, they gon' say that I'm felon  
Sexual eruption, you eruptin like seven  
While I'm singin out, I just want to +F You+ like Devin  
Lights, cameras, action, I hope you're not Ellen  
Talk show, is exactly what you're not gettin  
Money's my cologne and the scent that I'm smellin  
So gold diggin women say my scent is like heaven,  
heaven, heaven  
Shocked when I knocked her  
Love my company, but that's a Gamble like Proctor  
Before your boyfriend sneak up on you like 'got ya!'  
(got ya)  
Better straighten up like posture

*[Chorus - Chamillionaire]*

I'm not your - baby  
Your baby, your baby, your baby  
I'm not your - baby  
Your baby, your baby, your baby  
And you so - crazy  
So crazy, so crazy, so crazy  
And you so - crazy  
So crazyyyyyy  
You really need to stop callin my phone

*[Break - Woman - talking]*

Hello?  
So why are you not answerin the phone  
You said you were going to call me right back  
And it's been like a minute and a half  
And I don't know why you would say you would call me  
right back  
If right back, isn't right back  
I mean when I say I'm going to call you right back  
I call you right, back  
And I mean I just don't understand why your not  
answering the phone  
If you don't want to talk to me  
It's like why ...

*[Verse 2 - Chamillionaire]*

Errr, message erased, got to get to the cake  
You actin like a billion is easy to make  
Other rappers out there tryin to get an estate  
That's a house, while I'm out tryin to get me a state  
Uh, so now you tryin to get all of my case  
And I just met you last week, you should try brakes  
Slow yourself down, now I'm ready to migrate  
Should have never hit you back on myspace  
(I'm not your baby)

*[Break - Woman - talking]*

So I'm, I'm still waitin for you to call me back  
I don't know what you're doing  
What you're not doing, who you're with  
Like, you need to talk to me, okay?  
We need some, we have to talk about some things  
I miss you, I haven't seen you  
It's been like, three days  
And I just want to know where you are  
I just want to hear your voice  
You know like, you have no idea how it makes me feel  
Knowing that your doing, whatever your doing  
You know, and, and your not checking on me  
And I'm checking on you

I want somebody to call me  
The way I call you, I mean I can ...

*[Verse 3 - Chamillionaire]*

Errr, message erased, you ain't even my chick (chick)  
And three days ago, you saw the profile pic (pic)  
On the internet, talkin like you legit  
And a Stan is a man, but you must be a Sis  
Better bother Rapper Rick, or go call K.J.  
Better call Masa or pick up May Bay  
Go and call Tyson or go call Ray J  
Call Hurricane and he might say (A Bay Bay)

*[Outro - Operator Recording]*

"The number you have reached is not in service at this  
time  
And there is no new number  
Please be sure you have checked the telephone  
directory for the right number  
And you are dialing correctly  
This is a recording  
If you need help, you need help, hang up, hang up  
And then di, and then di, and then di" *[echo]*

*[Female voice:] Chamillitary mayne*
