I bet you won't  
I bet you won't  
I bet you , I bet you , I bet you , I bet you

Man these rappers ain't saying nothing  
Every verse is a damn lie  
Your position is pro voice  
My position is anti  
Swear they tellin these stories to you  
These rappers full of that mantie  
Can't stop me they can try  
But I'm winning up by that landslide

Y'all worse than that tie tanning  
Get a ship but it won't sail  
Y'all posting on snitchagram  
Why you saying you don't tell  
These boys they got no stamps  
They don't really touch no mail  
I'm still trying to get super poster  
Still fill up under her oh well

All talking like he the man  
Y'all softer than Peter Pan  
So many fish in my fishtank  
And my crib she talking about eating in  
Call me up sure be to spend  
Got money treating pass me your lamb  
And you hope you don't meet again  
And my knuckles probably gonna beat your chin

Get it off for my plan A  
Never needed that B row  
I ain't even never shared a deal  
When anybody ever said peace out  
Made a hit with my freestyles  
They ain't talking about free now  
They always told me that money talks  
So I always got it on speed dial

I'm trying to work she trying to play  
Treat the bank just like a hotter wave

And Iâ€™m showing up just like a holiday  
But Iâ€™m back to work Iâ€™m not trying to stay  
My money day is my kind of day  
Very large is my kind of pay  
Tell avado Iâ€™m not the best  
I bet he was fond of you cayate

Wonder why Iâ€™m ahead of them  
Talking down then I ended them  
They try to say that they on your side  
But switch back and forth just like pendulums  
Bought your strap and extended Â€em  
New cars when they rented them  
Our old schools look so cool  
That you probably thought we invented them

Steal a heart but Iâ€™m not thief  
Star snatching is so weak  
You ainâ€™t gotta thank me for it  
Just show respect to my OG  
I drop it off in your OD  
Veteran but Iâ€™m cold beat  
They keep saying I donâ€™t drop  
So might drop another in 4 weeks

Chamilitary go so beast  
Freestyle on your beats  
Gotta take it out of my 2 hands  
And thatâ€™s the reason it donâ€™t leak  
2 businesses out of state  
No card thatâ€™s out of date  
Iâ€™ve been stuntin on Â€em since Â€98  
If you tryinâ€™ to hate then you kinda late

Hit Brazil and take frequent trips  
Groupies all on that freaky tip  
Say goodnight and then take a flight  
When I disappear you canâ€™t keep a chip  
Let me tell you how deep it get  
This is more about keeping it  
Take a pocket then strippen it  
Then I put the profit down deep in it

Your girl talking about orgies  
Rather go get more GÂ€™s  
Duplicate how I rep the state  
We need less of them and need more of me  
Spit a verse then itâ€™s for a free  
Tryin to do it before hopefully  
No trick or treat in my clickazie  
And Iâ€™m feeling like itâ€™s your boy D

Sip patrone while they copy  
Call me up and say papi  
Knowing that I might store so they tryna  
Block me like we play hockey  
Pocket got me like greskie  
Where the hell is my SB  
I use sandboat to that paper  
Going go and tell them come catch me

Don't talk about financials  
Tell me what your man do  
Unless you got your own dough  
And you make enough cash to brag to  
Hope your rent ain't pass due  
Hope your shape is natural  
Can't say you're a model  
Even if that shit was in your bathroom

Why everybody got to be the same  
Every group got to be a game  
Every rapper got to be a rapper  
And every rapper got to be a lame  
Love my jewelry that's cool  
She gonna catch a bad flu  
But if my wrist ain't sick enough  
Then my whip gonna make her hat you

Everything happen for a purpose  
Obvious they didn't mean your verses  
Every verse that y'all spit is worthless  
And they couldn't pay me to give you a purchase  
Every verse they say Cham is ripping  
Say it's false if they tell you different  
I'm still a jordan grand and a pimp  
Up man your scripts don't have me trippin
