*[Chamillionaire - talking]*

We in the building

Naw we ain't in the building, we in the streets

And right now we taking over the South, one city at a time

From Houston to Harlem, I'm riding shotgun with the number one DJ in the South - DJ Smallz

Right now you're listening to the official Chamillionaire mixtape mayne

You know what it is, Chamillitary mayne

Fear Factor Music, Smallz let's kill 'em again

And then dig 'em up and kill 'em again, haha
