### "Ima Playa FaSho"

*[Chorus - Chamillionaire]*

Southern playalistic cadillac hustla music  
Pullin up in my new ish and yo girlfriend goin start to  
loose it  
I got her sayin (oh oh oh oh oh oh oh)  
I got her sayin (oh oh oh oh oh oh oh)  
I got her sayin  
Y'all know the sayin that a playa get choose and baby  
you know I'ma playa fasho (yeah I'ma playa fasho)

*[Verse 1 - Chamillionaire]*

Na you can't choose me know that they say that true  
playas get choose  
And I am truly one of them boys that be ridin on 4's  
Na you can't use me any man could'nt touch me with a  
10 foot pool  
At night I'm usually on 84's gettin into my hustla mode  
Explode on a hatta stop actin like ya slow  
Just act like you a psychic and start actin like ya know  
I'm braided in the frow  
She show up to the show  
She show up with her patnas she show up to the ho-  
telli I'ma tell her to do her thing and go  
Back,Back,Back,Back like hawk and that bullet O  
Remoteless time of vehicles the key doesn't matter  
You come with conversation we got heat for the  
chadder  
At ease with the swagger  
Wont see no one better  
He way above the lames you know like he's on a ladder  
Bun B goin get at her, Pimp C goin get at her  
Cause it ain't really fun if the homies can not have her  
Told me she got some paper, told me she got a man  
Well how long you have that problem let me fix it cause  
I can  
Have you headin towards jamaica jecepis on the sand  
And i'll let them other sucka's put that ring off on ya  
hand  
And that's the plan

*[Chorus]*

*[Verse 2 - Chamillionaire]*

She told me stop chasin that paper you need to take a  
breather

And then I looked at her and said you must be on that  
reefa

Stop actin like latifah cause you ain't no aretha

In other words I mean you need to stop actin like a diva

Cause you know how it go koopa don't want and don't  
need ya

And when it come to grindin I am an ova achiever

Cause broke is out of style like camo pants and filas

My card is black enough to make a doubter a believer

*[Chorus]*
