"Just Smile"

Yeah

[Verse 1 - Chamillionaire]

See you ain't home to raise your own because you stay
on the job

And can't continue to pretend that you don't think it's a
prob

You pray to God, she told her that her father work hard
Then her daughter told me that she never knew who he
was

Well let's discuss, you used to be not used to the pain
Now the pressure in your blood sure is not new to your
veins

You feel the flame but you just want the flame to be
tame

Then the doctor tell you that the pain is gonna remain
So you sustain, successfulness just seems like a blur
Ask her who her baby father, she didn't know who they
were

She wasn't sure, so everyday the baby with her
And not with him, the chance is slim but if it never
occur

Then I assure, that you can trust that all your affairs
Will be eloquently handled by the homie upstairs
They came in pairs, let haters know you're hearing
impaired

You don't worry about no problems, let them worry
about theirs

And you should

*[Chorus - Sample of Johnny P from Scarface's "Smile"
(Chamillionaire)]*

Smiile (uh) for me

Won't you just smi-ile, for me (smile for me now)

Smiile for me (uh)

Won't you just smi-ile (yeah), for me (uh, yeah)

[Verse 2 - Chamillionaire]

Your problems used to be behind you, now they gettin
advanced

Soon as you get up on your feet, you'll see the
problems just pass
You chasin cash, you not in school but you good at
math
Wonder why the dough you add always end up as half
You 'bout to crash and givin up to you nothin new
And the second they just bettin, that's just what you
gon' do
But it ain't true, today you'll be the pigeon that flew
It ain't a care up in the air, if it is then it's few
And you ain't through, 'cause you know that you gonna
be fine
Today you gonna be on your grind, tomorrow gonna
rewind
Let it rewind and you just can't go sit on the pine
It's like hustlin and grind in the new state of mind
'Cause it's the time, for you to just stop bein depressed
You realize that you the best and they gon' call you the
best
You know the rest, 'cause even when your money is
less
If you're rich with confidence, then you'll eventually get
blessed
So you should

[Chorus - Sample of Johnny P from Scarface's "Smile"]
Smiile for me
Won't you just smi-ile, for me
