"King Of Tomorrow"

[Intro - Scratched Chamillionaire samples]

"I-I-I already made it"

"I-I-I already made it"

"I-I-I already made it"

"I already made it, made it, made it"

[Verse 1 - Chamillionaire]

Y'all say that they relevant, I say they embellishin

Keep gettin better, I told 'em that I'm developin

The throne still in the same spot that I set it in

Did have the "Venom" until I drank all the medicine

You're pelicans, your mouth too big so

Won't give you the info, I'll give ya the intro

I'll give ya the hello and I skip to the hell no

I'm knowin that the money the reason you there for

A tall figure, all y'all are raw dinner

I hover about all y'all like Godzilla

I'm crossin a, right, left on a tall sinner

Y'all NBA after W 'cause I ball bigger

What if your fans outnumbered by all your haters

Take a trip to Barbados, enter into hiatus

Enter into a round with no entry for entertainers

We could of did that but instead we just recreate us

So now you are lookin at the brand new we

'Cause it would take a hundred of y'all to make a brand

new me

And the man you see, will open man you free

Hit ya chick and then exit when I get a N-U-T

Even without the punchlines, I'm still in front of the line

My (Destiny) was not a (Child), she a woman that's fine

She got me permanently tatted on the back of her

spine

I'm 2009, y'all 2000 behind

When the heck did we let all these self promoters get

on?

Tired of DJ's always yellin over most of the song

What you smokin on? Michael Phelps must of hand you

his bong

You can't tell me nothin if you think you know that I'm

wrong

Blog after blog with another mixtape to gossip
You and you did it and you are an accomplice
The messed up part is y'all ain't even makin hotness
Stop it, the mixtapes, you shouldn't even drop it
I taught y'all youngin's how to hit a lick
And you didn't make love to it, you got up in it and you
hit it quick
Soon as you got a nut you actin like you innocent
Actin like this little ugly baby isn't even his
All y'all the fathers of what we left with
To hell with this relationship, I'll move on to my next
chick
They had life but I gave the tapes a death wish
No competition, the Messiahs' are the best-est

*[Break - Chamillionaire - talking ("scratched
Chamillionaire samples")]*

R.I.P.

("I-I-I-I-I-I already made it")

Yeah, pray for me

("I-I-I already made it")

Hold up

("I-I-I-I-I-I already made it")

("All-all-all-all my-all my-all my-all my Mini Me's can
have it")

[Outro - Chamillionaire - talking]

Yeah I meant it when I said we was done man
Everybody keep talkin like they don't think I'm serious
man

We done with the legacy, we done with the dynasty
We done with the Mixtape Messiah run, it's been fun
Wakin up every night, gettin in the studio doin nothin
but freestyles man

It's a little crazy man

You know? I spend 100, out of a 100% of my time
I spend 85% of my time in the studio doin mixtape
freestyles

And I can't go as far as I want with 'em

So I decided to switch it up

And now I spend a 100% of my time in the studio makin
real songs man

Y'all can't keep comparin my mixtape work to
everybody else

It's a unfair advantage

So a, now we gonna do is, we gonna create a new
brand called Major Pain

That's gonna be the name that's runnin the game,
know what I'm sayin?

New music all on authentic and original beats, know
what I'm sayin?

Somethin fresh, somethin new
We got to switch it up man, can't keep doin the same
thing
Everybody else in Texas, y'all need to follow my lead
man
Put out some real songs, some real music
Real content, know what I'm talkin 'bout?
If you already doin that, then you shouldn't feel
offended
If you are offended, then so what?
It's the King, Koopa

[Pimp C sample]

"And a fight go with that"

"I-I get tore up, I-I get tore up under city lights" (city
lights, city lights)
