Hold ass,Hoes ask for a lap dance  
Im tossin mo trash than a trashman wit a trashcan  
Lew Hawk just started a business on Gulf Bank with that  
man  
Delivers mo bricks than a freethrow from shaq's hand  
Chamillionaire knows guys, and Hollywood Clique  
make dough rise  
When spinnin' on wheels of fortune, the chopper is yo  
prize  
If you tryna compliment elbows and the way the spokes  
ride  
You can see clear, I got glasses like a man with four  
eyes  
Wise like four wise guys, that's nice, but what else?  
Screens fall like the pants on the man jumping with no  
belt  
Screens fall like a crippled man tryna get up wit no help  
If u was me, you would Ooo!, be impressin' yo-self  
Hoes melt like an ice cream sundae, when I'm posted  
up on Sunday  
On MLK in a Hundai, I could still live with ya honey  
If she yellow as the cheddar on some macaroni

Betta ask yo homie, I'll take her whether you strapped  
or phony  
At the Shoney's, in in the pool with ya darlin'  
Me, Paul and Hawk ballin',Spider Man chrome crawlin'  
Come through ya t.v. screens fallin' showin green like a  
garden  
No buffet at olive garden, beg my damn pardon  
Them boys in Orleans be throwin fights and riots  
Let's have a moment of silence while they show you  
some violence  
I know boys with dirt work ,like a washing appliance  
If you see a triple beam, then it isnt... \*\*Scratches  
Out\*\*
