[Verse 1:]

They see me and they be like koopa where the heck  
have ya been  
Course you wouldn't know cause where I'm at you  
never had bein  
Money that I'm looking at it really ever has being  
Pound, euro, ruppee it's whatever a yen  
Swimsuit models at the do tell tyson tell em come in  
Gotta have a working visa and some cheddar ta spend  
They say revenge is really something that's embeded  
to sins  
Hope god forgive me cause I got it they could get it  
again  
Hold up, saw snoop n' jigga they told me to stay the  
humble guy  
Saw 50 cent and he told me create a homicide  
Them universal clowns told me I need to dumb it down  
But crash dummies don't ride with insurance on they  
rides  
Stylist and the media training is what ya have to get  
It's your whole image just created from outta tablets  
Fickle fans flock to these fakers like it's a magnet  
I'm accurate stay stuntin n stackin go getcha camera  
trick

[Chorus:]

Cause I'm living better now  
I'm living good  
I'm living gooood  
I'm living good

[Verse 2:]

Uh  
I got the stacks, I got the plaques, I wreck the tracks  
I'm the dopest houston artist not opinion that is fact  
I'm running laps, all round they raps, don't ever slack  
And if I lose it all they know I'm jus gon get it back  
They say I changed, hell yea I changed  
Switched up my change, switched up my range  
But it's the fame, that's what they blame  
I can't complain, I'm still the same  
Ain't with the same, people that came

Within the game but I love it mayne  
Some think I'm strange I thought ya knew  
Some tried to sue, lawyers are due  
Publicists too but who are yoouu  
She lookin cool, her sister too  
Her man a fool ain't gotta clue  
That I'm bout to do a body physical  
That's true his boo, sick with the flu  
My ride is I'll panna mirror deadly as ever  
It's time to kill look at the wheels  
It give em chills, they taking stills  
Taking pictures, I'm askin chickens  
How does it to feel to know I'm

[Chorus]
