i brought my DJ with me, that mean we goin in

[CHORUS-CHAMILLIONAIRE]

i'm the main event
i'm the main event
still grindin in the streets like i aint made a cent
i am the main event
i am the main event
tryna get it like the money that i made was spent
i am the main event
i am the main event
still hustlin like i know its time to pay the rent

nuts large, lucky i dont keep my dick exposed
see they the past i am the present like some christmas

reppin texas so dont question if i'm tipping foes
the wheels fly

every vehicle is pigeon toes
look at the evidence
look like its evident
