[Hook]

I tried and tried, to stay in love
But no matter what I do it just ain't enough
It ain't enough, It ain't enough, it ain't enough
You say it ain't enough
And everytime I think its love
It just ain't good enough and we breakin up
We breakin up, we breakin up, we breakin up
Cuz love just ain't enough

I had seen potential in your mental and was tryna make
a queen
But I did it for nothin, I was huffin and puffin, wastin
steam
Everytime I speak, you be twistin my words to make em
mean
somethin I ain't say, then you gossip and try to break
my dreams
So I'm breakin up with ya, I tried and did everythin to
please ya
I don't even want to see ya, the sight of you is givin me
a fever
Think I need a breather, need ya to give me space and
leave
The past in the past and keep walkin past when they
say that we are
match made in heaven, tell em I said that thats a lie
So disrespectful I feel like I wasted half my life
Thats why I ain't in love, tryna say I ain't in love
Then I go right back on my word and we end up making
up
Hold up

[Hook]

See its like I love and I hate almost everything about ya
I be indian givin a livin, takin back everything I bought
ya
Even indian givin a cieling when I'm tellin you get out of
here
You disappear, then the next day you come back on the

pop up
And my mood get madder when I'm in the streets and I
think I spot ya
Thinkin I forgot ya and I'm movin on cause I think I
gotta
See I end up losin everytime that I try to think I gotcha
Cuz you always movin, I want to but I ain't gon' even
stop ya
You be all in my pockets like "feed me" making this
type of living ain't easy
I be givin my all to you, all you do is be talkin greasy
And I know you probably don't believe me, everytime
that you say that you'll leave me
I be getting impatient and waitin, hopin that youll make
it speedy
So I figured I'd tell you the truth cause I knew that that
would free me
Gave you everything that I could but you still kept
acting greedy
You let the world come inside you shouldnt been acting
sleezy
Cuz now you pregnant with rappers that lie on half their
CD

[Hook]

Now I can't even lie, I was in love with you
We did everything together that lovers do
The love done died, I think its time to move
in a direction that ain't got nothing to do with u
And everytime I think of us
I think that its time that I make some things adjust
My love ain't as strong for you as I thought it was
Baby I'm breakin up with you now and its all because

[Hook]

I ain't gon' lie, I used to wake up with thoughts of you
on my mind
But now you just get on my nerves even when you not
even trying
People tell me that its gonna be better but I tell em that
they lyin
My love for you is definitely dyin and the way you
changed is not a good sign
I wonder how you gonna feel when I'm no longer
around
Nah don't even try to start cryin
After you built me up and then tried to break me down
Its just a matter of time before I had to give you a piece
of my mind

And maybe I can spend the rest of my time having
peace of mind
You couldnt even say one thing that you know that no
one know
Everytime I see you, you gossipin about so and so
You imitate, you instigate, you turn love into instant
hate
You the reason why I punched my ex homeboy in the
face
In the streets chasin the same money I gotta give to my
lawyer to win a case
Tearin up my Rap Sheet cause now I got a rap sheet
that can't get erased
