This for the streets, nah this for the radio
This for the streets, nah this for the radio
This for the streets, nah this for the radio
Well it's for radio then just keep it street, well go on do
it then

Nah, that ain't a problem at all my man
Got a lot of rubber bands, time to count up all my
grands
Well, go on do it then put a ninth caller in
Now we got a lot of jams, we gon' play a lot of Cham

Well, go on do it then, she can say she is not a fan
Tell me she ain't got a man, plus she got a lot of damn
And she love how the Impala can
Change a bunch of colors like you lookin' at a hologram

She wanna ride off on 24's
Butterfly do's raise up, she feelin' so
special and she like my music better slow
Tell me that I'm fin' to blow, I reply to her, "I know"

So let me break it down and do somethin' I know the
ladies can feel
She say she's lovin' my style, she say she's lovin' my
style
Turn on the radio and you probably hearin' nothin' but
the
Chamillitary Mayne

We interruptin' this sound just to let you hear a
message from me
I'm representin' the South, I'm representin' the South
And know how we get down, know we gotta keep it
gutter and street
Go on do it then

I got a white girl, I call her Shady Aftermath
'Cause she love a rapper, see a nigga she gonna
snatch him fast
Fine and you can't say that she don't have an ass
Plus her eyes green enough to even up and match my

cash

Hispanic college girl that love to dance right after class
Pray the way she back that ass up her class she has to
pass

The others bad and black, take her to the bachelor pad
Crib big yo, her man's crib is less than half of that

Call up the DJ's on your radio
They'll say Chamillionaire got a crazy flow
My radio station doesn't play it though
Say he gotta make somethin' for the ladies so

So let me break it down and do somethin' I know the
ladies can feel
She say she's lovin' my style, she say she's lovin' my
style
Turn on the radio and you probably hearin' nothin' but
the
Chamillitary Mayne

We interruptin' this sound just to let you hear a
message from me
I'm representin' the South, I'm representin' the South
And know how we get down, know we gotta keep it
gutter and street
Go on do it then

Relax boy, lax boy, revenge is the sound
I've made it here, America gon' have to feel me now
Hear that bass come rumblin', boys see me actin' up
Also see that fast pyoom pyoom when I pass him up

Turn it up, tell the listeners to listen here
Listenin' here the sickest rapper in the Southern
hemisphere
Yeah, keep it gutter, suckers missin' in the picture yeah
We erased them from the game, commercial rappers
disappear

Call up the DJ's on your radio
They'll say Chamillionaire got a crazy flow
My radio station doesn't play it though
Say he gotta make somethin' for the ladies so

So let me break it down and do somethin' I know the
ladies can feel
She say she's lovin' my style, she say she's lovin' my
style
Turn on the radio and you probably hearin' nothin' but
the

Chamillitary Mayne

We interruptin' this sound just to let you hear a
message from me
I'm representin' the South, I'm representin' the South
And know how we get down, know we gotta keep it
gutter and street
Go on do it then

Now they know the name that's running the game
Them boyz down in Houston that got the streets on lock
But just in case they slow and don't know
Somebody tell em the name, Chamillitary Mayne

Ha ha, you got a problem? Then let it be known
You got something you wanna get off your chest
Give us a call, we're taking requests
Go on do it then
