(yeah yeah)

These rappers be acting like they not fake like
wrestling

My money is greater that means my haters is less than
Sigh, you know them haters gon wait for they best
chance.

They wait for that day that I aint gon lay with that
weapon.

You know that's a dream, just like that sing on def jam
I'm marrying money, whose wanna say the best man?
I win on the honey moon and came home with the best
tan.

There's green all over me, in my pockets and left hand.

Green, you should know what I mean

They saying no I in Team

But it aint no you and me

So with you I cannot be seen.

See they all gon say that they love you

Then I'm gon say that I don't trust you

I got to stay on my hustle

So let's get it.

(Yeah yea. Hold up)

They was thinking its over

I was taking it over

Now im painting the rova

While making cake on my mobile

They always talking the hustle

Homies hate to come over

They could wait for the cash but no my patience is
lower

From the home of the hustles who put the drink in the
soda

So I stayed on the hustle they tried to hate cause I'm
sober.

Why you say you was sober? Came in banking the
coma.

And you be boding for bubbles. I'll throw ya face in ya
cooler. (hold up)

They can see the photo drop looking like a photo opt

Picture me popping tags, you can call it photo shop.
Play with me if you want, its gon be a photo shoot.
Paparazzi taking pictures while I let the photo proof.

Stay on point (yup) cross your T's and dot your I's.
They just tell a lot of lies, I can't say I'm not surprised
Vertical (yup) till I horizontalize,
Anybody I despise they will not apologize
Talking hustles, they aint never had one
Black car, make them say where you get that from?
Make a bet (bet), he aint gon put half on
That's false, like the circle on a scantron
Gotta get it, they aint give me this for free
So just know before you hit me that its gone come with
a fee
Turn on the TV, what ya get is what a see
Cause theres nothing on them channels gonna be as
real as me.
