[Chorus:]

If you ain't never spent tonight with me then try it
Cause she can't be too fast with too much speed and
mileage
The ugly one always talking like she the hottest
But we ain't never tripping we b g's about it

I'm getting knowledge just like I got b's in college
You know she almost fainted when she seen my closet
And if you just like me you give her d deposit
So she ain't bring a friend then she should think about
it

[Verse 1:]

Hold up
Got so many cars see em soon as I walk out a dow
Whole bunch of colors and my view like a calatascope
Women in the kitchen making grits and cutting
antachokes
Plus they watching movies I ain't with that parry tyler
tho
Baby girl your face is cute I don't know bout that body
tho
I would love to stay n chat but money talks I gotta show
Gotta few that creo but they don't be jammin zotico
They be jammin that koopa and say that boy z-ro gotta
flow
Shout out to my hoes in dallas got some girls in funky
town
Dropped that major pain they say that pain what they
be bumping now
They used to jam them other boys, them other boys be
suckin now
I ain't even gonna tell em what this girl is sucking
nooow
Bust it out then I'm gon bust it in
I can't stand when she tryna she can't because her
friend
Don't be a follower just swallow up this cup of gin
And you know where to meet me ring the bell n I'm gon
buzz ya in

[Chorus]

[Verse 2:]

Say she ain't a groupie but say she want an autograph
I just want some knowledge just point me to where your
college at

Got some andre n 3000 it's like I was part of kast
If you get too drunk then get a driver and go call a cab
Knew that she was wasted she askin me to buy the tabs
Saw another bad one but her man had saw I spotted
dat

Then she turned and looked at me and really that's
what got em mad

He gon mess around n get beat up in need of body
casts

When I'm gettin choose what they be expecting me to
do

Met a bougie chick that's tellin me that she don't need
a boo

Take a look at you then take a good look at my vehicle
What I'm driving make me feel like I should be
conceited too

Got a army you know the chamillitary hold it down
Hit the after party call it work and call it overtime
You can't see how I be shining baby then ya know ya
blind

Gotta attitude but get a pass because ya know your
fine

[Chorus]
