First of all let me alert you that there's been a  
change of plans.  
Cause now I plan to put the streets in a major trance.  
Told me I couldn't .?  
I'm the one who put in work don't disrespect  
my aching hands  
Feed the streets and feed the fans you tryna tell me  
that's ur stance  
Better not piss the majors off, you better go and make  
them?  
Ever go against the suits, koopa you wont stand a  
chance  
Soon as you think your ice cold you'll get hit with a  
avalanche  
Jump up and down like a monkey take banana make em  
dance  
when you do they'll take it back if you ain't  
down with their demands  
throw a million in the jeans tell you that these they  
favorite pants  
you can put em on for grands and tell them keep your ?

First of all I wanna extend a very humble middle finger  
to those who don't take me serious like I'm  
Jerry Springer  
I'm not a dreamer went from a skeemer to writing  
beamer  
I open the bag chips better be in it like its Keebler  
I'm not ? I slept on the same floor as others  
With no covers and split what I had with four brothers  
You don't love us you handle us like ain't no?  
impregnated your pocket so my 4 4 wanna say ay ayy  
hello to ya  
No 50 50..? acting what do you get  
no more color changing click and a bunch of fans that  
aint forget  
some of yall were claiming I was the only one in the  
gang to spit  
now that everybody split you want the dick you make  
me sick  
I'm not here to baby sit I'm just here to make  
the chips

I'm just gonna make this quick first I'm gone  
low then make this click  
I know a couple people I could point the finger at  
but every time you point a finger there's three  
fingers pointing back  
the average Joe you see will be someone who acting  
shady  
and it aint no jodecy you wont forever be my lady  
no I aint lazy but sweat that I'd think I'm crazy  
remember every moment from every person that every  
tried to play me

before you die your life will flash before your eyes wow  
well if that true your life will flash before your eyes now  
everyone is quite foul I get revenge you like how  
eye for and eye a bullet burn below your eye brow

I hear the drummer drumming he told me that death is  
coming  
death is coming for you tonight just like a freaky  
women  
.? is shining now as I write this  
might I remind you that being smart made me quite  
rich  
life's a beat full of addiction with a cold body  
got complaints but I am respecting so I  
how could I let a clue so I be his flow  
from the jump told me that he would be a nobody  
maybe I'm rehashing my thoughts just to get a  
response  
they say that bad publicity is publicity that you want  
who wanna jump ribbit with it I'm the one who  
distribute this crap  
cause I live it so you gon get it just how I give it  
and you suckas at the top we gon talk in a minute  
I'm posted up on the block bout to get on my pivot  
Was never in love with money I thought I was but it  
always lust  
they cut the budget but its okay we shall adjust  
no failure cause success is a must  
when I clean up I wont ever forget to wipe down the  
dust  
so dust your shoulders off and get your favorite recipe  
get in the kitchen with me we gon have a special feast  
everyone that don't know trying to tell me  
what's best for me  
deep in the game you in the bleachers trying to referee  
So when they ask for a clue and what's next with  
me  
come out of control is number 2 and the sneak attack  
will be number 3

don't say I didn't warn you
