Koopa

See niggaz be hatin me and makin ma pressure rise
Dey act like dat metal inside, the metal will never fly
Snitches aint real 'cause dey lie so come wid a better
lie

We da truth of da future den tell em rap game prepare
to die I

got dat reelin in for ya,
check da wheels on da roda, dat aint enough
den ya know ya didn't check da grill and da motor,
grip da wheel and control her
watch da bills like a roda
dats a Clinton Supporter
get plenty bills I can show ya
better dan i can tell ya

I be chasin dat chedda dont have a chedda vandetta
Quick, switchin and dividin on me
Ask any nigga in da sockland on me
Drama, never been a problem homie
Aint really dat hard to spot phoney
Sixty-five percent of these rappers who tell you dey
stackin
Eighty-five percent of dem rappers who tell you dat

Slap your captain what happen
Had'da bring em to business

Get yo ass beat for yo fitted
