Boys in the hood 'bout making that pay
Stay underground (on the grind) every day all day
They don't say much but they mean what they say
What they mind on the money and the game don't play

(Paul Wall)

When the base going down better protect ya neck
Boys steady dripping when they gone off the wet,
'cause
Ya better swallow ya project
They have you scared to throw up ya hood on ya own
set, 'cause
I'm talking bout those boys running from cops
They don't run they mouth, they too busy running they
block
Ya better be fast thinking u can run from a glock
Snap, crackle, pop soon as u run up u get dropped
I know boys with out guns that'll still come jack you
Have you running from your car before they even
attack you
If you scared you better not show it at all
Put a mug upon ya face like u ready to brawl
I know boys that's unemployed still working that work,
patna (partner)
Curiosity will get boys hurt
You didn't see nothing, u didn't hear nothing, u don't
know nothing
Spill ya beans they ready to blow something

(Chorus)

Oh no
When the lights off on the block

Don't go
Boys on the corner with glocks
Don't go
When ya hear shots in the parking lot
Don't go
It's about to go down
U ALREADY KNOW

(Chamillionaire)

It's Koopa

Listen, here lizard, lizard, lizard

Say ya cocking and popping it

Say that ya glock a get

Unloaded leaving wet and suck in wash it get

Some nigga loading eject bullets like floppy disc

Some niggas talk like they will but they the opposite

Thugs and thief with a dozen keys

Serve quarterpounders that don't come with cheese

Hustles breath with love with g's

And know they telling lies when they see the judge and

plead You honor it wasn't me but he get locked

And as soon as ya boy get hot

He start right where he stopped

Can't go on the block with a knot in ya sock and don't
glock

Without making by way to getting got or get shot

Oh no

If ya scared to represent ya ghetto

Then don't go

Up ya hood at all u ain't raw

Its going' show

We don't recognize real heated right

Just a little advice for the niggas living that life

(Chorus)

Oh no

When the lights off on the block

Don't go

Boys on the corner with glocks

Don't go

When ya hear shots in the parking lot

Don't go

It's about to go down

U ALREADY KNOW

(Paul Wall)

I eat n sleep n shit n pour gin

My block be hotter than some muthafuckin pork skins

Ignore twin cause I be having attitudes

Ain't no such thing as gratitude on my avenue

Attitude adjustment we all need

I pray to lord two inch starters will in me

Come from the heart that's why boys are feeling me

I den whipped up soft and brought back some orgies

This is for my niggas in the jail, my niggas on probation

Knowing if they violate what kind of time they facein

Hustling anyway minimum wage ain't nathin
You want cash right now, huh, fuck being patient
Live life every day like it's yo last day
Smoke some weed; dump your problems in the ashtray
On Sunday shine yo glass like cascade
Fuck moving slow, hop in the fast lane

(Chorus)

Oh no
When the lights off on the block

Don't go
Boys on the corner with glocks
Don't go
When ya hear shots in the parking lot
Don't go
It's about to go down
U ALREADY KNOW
